### *All You Need To Know about Cambridge Curriculum*

---

To be **Future Ready**, the learners should be exposed to varied learning experiences.

At **Cambridge International Wing** of Indirapuram Public School, Indirapuram, we are continuously working towards providing better learning opportunities to the learners.

We have been catering to a lot of queries when we meet parents. We are sharing the most frequently asked queries that will surely help you get a clearer picture about what we, *The Cambridge International* at IPS offers, builds and nurtures keeping in mind the latest trends in Quality Education and why Cambridge is the right board for your child.

You don't want to choose a board or school for your child because it's popular or it seems to be a good option. You want to be sure that it's the best option!

Sharing below are some important questions that can help you decide if the Cambridge curriculum is the right fit for your child. We have the answers to all your questions!

#### **1. What is the difference between Cambridge curriculum and CBSE curriculum?**

\* Cambridge is more extensive in its teaching-learning approach that gives a deeper understanding of the subject along with the required specific skills for life rather than just assimilation of knowledge. It focuses on the holistic growth and development of the students.

#### **2. Is the board recognized in India?**

\*Being an international education board, the Cambridge board has widespread international and national recognition. The board is also widely recognized by Indian universities and institutes.

**3. Is this curriculum/board only appropriate for the students who want to study abroad?**

\*It's a myth. The curriculum is scientifically designed to cater to varied learning needs of the students along with building the core competencies and skills much needed with the current global scenario.

**4. Does the fee structure differ from the CBSE section at IPS?**

\*Yes, there is a slight difference in the fee structure but it is at a very nominal and affordable price as compared to the other schools in the vicinity and we are more experienced in running the curriculum.

**5. Will my child be able to appear in / eligible for Indian University entrances?**

\*Of course, yes. The students will have better skills and competencies to appear confidently in the entrance/competitive examinations.

**6. What will change if my child shifts from the CBSE section to Cambridge section within the school?**

\*There will be certain changes such as in the school uniform, books and also, some additional skill-based subjects will be added except the school timings and the annual calendar which will remain same for the entire school. The students will be using the same school transport for commuting if opted for.

**7. What do I have to do in case I want to switch over?**

\*It's simple, for our own students currently studying in the school, parents just have to drop an email/handwritten application giving your consent to shift your child from CBSE to Cambridge Wing of the school.

No admission form to be filled in. **No admission fee will be charged.**

\*For outsiders the admission form needs to be filled in and there will be an interaction with the parent and the child.

**8. How smooth will the transition be for the students shifting from CBSE?**

\*The Cambridge curriculum has a flexible approach in teaching and learning, the teachers are well trained and equipped to support the children at every step making the transition smoother for children as well as their parents.

If we have to define the Cambridge Curriculum in a simple yet effective way, we would say International in philosophy and approach with local elements and contexts. That's the board for you – flexible, challenging, and inspiring at the same time.
